Not a very bright start to the 2006 Series with only 11 competitors, although the weather held fine after a drab first three months of the year which must have affected most people's training. A number chose this pipe opener to fulfil their officiating duties for the year so that they can now get on with the business of amassing some decent plusses. A warm welcome to new Kent Vets News Editor, Neil Quarmby on his first ride in the Series.

A very disappointing turn out of only seven riders - surely the others can't have all been away on training camps? If they were we can expect some really great rides in the months to come! In their absence Alan began the defence of his title by posting a good ride to take him to the top of the table whilst Roly and Shay retain their positions from their first rides. John put himself in the frame with his first ride to slot into fourth place. Let's hope that number of riders increases in the months to come. Remember that 41 members competed last year!

Another good turn-out and what appeared to be excellent conditions. Certainly some good times were recorded and most seemed to have improved. Is it just that everyone is getting fitter? Alan has increased his lead at the top whilst John B has moved into second place and John D into third. Shay has dropped to fourth but past winner, Laurie B, is now up to fifth whilst Pete Haswell has risen from 13th to 6th - just outside the medal positions. But Pete has already officiated whilst Shay has not. There's still time!

With 18 riders our best turn out for 2006 so far. Hopefully this will improve for the last 2 events as riders try to qualify. It was a warm morning but very windy as is reflected in the times.

Two Up

Pos	Name	OAS
1	Shay Giles & Tom Morton	+7.34
2	John Booty & Duncan Leith	+4.04
3	Clive Nye & Keith Storey	+0.08

Our closing event, the 2-up on Wednesday on a very murky, wet day, produced only 3 teams. Winners were Shay Giles and Tom Morton with a combined plus of 7m 34 s, 2nd were a very relaxed John Booty and Duncan Leith with +4.04, and 3rd Clive Nye and Keith Storey with + 0.08.
