

VETERANS' TIME TRIALS ASSOCIATION

(KENT GROUP)

Notification of Standard Awards Attempts.

If you wish to make attempts to qualify for Standards Medals this Season you need to apply on the appended form and pay before any of your rides may be considered. The conditions are contained in the Association's Regulations but briefly they may be awarded for rides at 10 miles, 25 miles, 30 miles, 50 miles, 100 miles, 12 hours and 24 hours based on the VTTA Standard tables. All rides must be achieved in Open, Semi-open or Association Events. Payment can be for a single attempt at a distance or time and shall be £2.50; or £3.00 will cover attempts at any one distance for a season, or – and this is the most usual - £10.00 covers the cost of all attempts at all distances and times during the season. If you wish to compete for solo, tricycle and tandems, you need to apply and pay for each.

To qualify for a Standard Medal:

- a) If you have not previously been awarded a Standard Medal for a particular distance, all you need to do is achieve a 'plus' on Age Standard; or
- b) you must beat your previous 'plus' for which you have been awarded a Standards Medal, **except** that if you have not claimed for any Standards Medal for seven years on that type of machine at that distance you may elect to disregard all achievements prior to that time.

I now have records of most Standards Medals previously awarded to Group members currently competing and will contact you for any missing details if necessary.

Finally, when you have successfully completed your standard attempt and wish to claim your medal, you will need to complete a Standards Claim Form and send it, together with the relevant highlighted results sheet(s), to me by 31 October. Forms can be requested from me, or downloaded from the Kent Group VTTA website - <http://www.kentvets.freeuk.com/>
